WAR AND THE SOUL

Every member of society is affected by war and can participate in healing our veterans returning from all wars, even if we do not know them personally or encounter them in our work lives

FRIDAY, SEPTEMBER 12, 2008

8:45 a.m. – 4:00 p.m., Epiphany Parish Hall

A workshop with Edward Tick, PhD for clinicians, healing professionals and clergy

We will examine Post-traumatic Stress Disorder as an identity disorder and soul wound, and learn psycho-spiritual interventions that rebuild identities, shrink trauma, and restore wounded dimensions of soul. Join us in an exploration of the universal dimensions of veterans' wounding as revealed through history, archetypal psychology and cross-cultural perspectives.

SISP Members—\$90, non-members-\$125

Six core contact hours of continuing education have been approved by the Licensed Professional Counselors Association of Georgia, the Georgia Association for Marriage and Family Therapy, the Georgia Society for Clinical Social Workers and the Episcopal Diocese of Atlanta.

Seven core contact hours of continuing education have been approved by The Georgia Psychological Association.
